

Let your
dreams
blossom

Dear parents/caregivers,

It is crazy to think that the school year is now half way through! It certainly has been a year to test endurance and stamina!

This year as a part of our three year Site Improvement Plan (SIP), we are focusing heavily on Maths and have engaged the support of Tierney Kennedy a very well renowned consultant to support us on our journey. We are already beginning to see some amazing results across the whole school.

Next week your child will bring home their first semester report indicating their progress so far in regards to academic achievement and social and emotional development. Please take the time to sit down and go through the report highlighting their achievements and areas that they can improve on. Above all I would encourage you to praise their effort and their ability to support and uphold the school values. If your child is on a One Plan you will notice that their grade may be for effort only in English and Maths. This is due to them working at a different year level curriculum.

Have an amazing and safe holiday and take care of each other. We have a great school with a diverse and fun curriculum and I want to finish by thanking the students and the staff for everything they do on a daily basis.

Regards,

Shane

Friday 26th**

Bookweek

Thursday 25th

Bookweek Parade

Hi Families and caregivers,

Firstly, a big thankyou to everyone trying to reduce waste in our school community by packing nude foods. I know it's a challenge in this fast paced world, but these small steps seem to be making a difference. As we approach Term 3, we will continue to be more conscious of the foods we are packing.

Next term the garden will be getting a little makeover thanks to a grant from Junior Landcare and Woolworths. Miss Heather and I will be working with Environmental leaders and classes to repair our current garden beds, plant new seedlings, harvest fruit and vegetables and sell produce to the wider school community. This grant provides our students with opportunities to understand how certain fruits and vegetables are grown and how they can be used in cooking or sold as dehydrated goods. We are looking forward to seeing some before and after pictures. Stay tuned!

Please keep an eye out on your child's seesaw account for more information regarding produce that can be purchased. If you have any questions or suggestions, please don't hesitate to contact me via Seesaw or email danni.babidge719@schools.sa.edu.au

Regards,

Danielle Babidge
Science Teacher

A QUICK MESSAGE FROM THE LIBRARY

With this wet weather here at the moment please be mindful of our books, please try and keep them away from water, this also applies to our leaky drink bottles.

Bookweek 2022:

The dates for this are 22nd - 26th August, we will be having our famous Bookweek parade so try and think of something for your child to wear, that matches a book or the theme this year.

Overdues:

We seem to have a lot of overdues this term, please do a thorough search through your child's room or bags etc.

Thank you in advance
Miss Heather

The theme is about stepping
into your own story,
dreaming with eyes open...

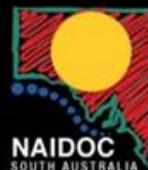

listening to Country as
the first storyteller...

learning from friends who
help you on your way.
